

We are lucky to have access to some minimal intervention vineyards from The Great Southern, Margaret River, and surrounding regions of Western Australia. Each year, we sample and closely follow the season and find the best fruit we can to make our wines.

Minimal Intervention Winemaking

With rising interest in more natural style wines, more people are caring more about what goes into their wines other than just the grape variety or the source.

Handcrafted and Small Batch

Our Created By Nature. Crafted By Hand are handcrafted and all small batch wines.

No Filtration / No Fining

It's possible that too much filtering and fining can strip a wine's flavours and aromas, our 'unfiltered' wines have an appealing texture and mouthfeel.

Vegan Friendly

No animal-based fining agents used.

Sustainable Farming

Our source vineyards take an integrated farm management approach allowing sheep to graze after harvest to control weeds and provide organic matter for the vineyard.

Vinaceous Crafted By Hand Vermentino (natural) 2021

Our Vinaceous Crafted By Hand Vermentino fruit was pressed directly to barrel with an amount of solids included for a more interesting ferment. Neutral oak was used to support the fine texture on the palate rather than adding too much oak influence. The resulting wine was held in barrel on lees for a period of time before a rough racking to bottle.

- ✓ Pressed directly to barrel
- ✓ Neutral oak to support the fine texture on the palate
 - ✓ Held in barrel on lees
- ✓ Unfined and unfiltered resulting in an appealing texture and mouthfeel, therefore the wine can throw some harmless sediments

Production: 145 dozen.

Aroma & Palate: Grapefruit and lime with layers of meringue and green apple skin and hints of ginger nutmeg spice. The palate is textural and zesty with a touch of brine.

Stirring up the bottle before drinking will add body and texture.
