EST'D 2007

VINACEOUS

FINE AND DISTINCTIVE WINES

Since 2007 our unique collaboration has granted us access to some of the best vineyards from The Great Southern and Margaret River regions in Western Australia and enabled us to produce delicious wines.

Our winemaking philosophy is simple and relatively non–intrusive – to produce fine and distinctive wines, that reflect the individual characteristics of the vineyard and variety.

Vinaceous Salome Tempranillo Rosé 2026

Region | Margaret River Western Australia
Alcohol | 12.5 % G/F 0.6 g/l
pH | 3.32
TA | 5.6 g/l
200 dozen produced

The Salome Tempranillo Rosé is one of the new wave of serious rosé wines now emerging across Australia, miles away from the simple, sweet, confectionery rosé that has dominated the market in the last 10 years. Inspired by the wines of southern Europe, lighter in colour than most Australian rosé and more focused on the savoury rather than sweet and with a textural influence dominating the late palate rather than sugary residue. To this end tempranillo is the grape of choice, less overtly fruity than the traditional shiraz, merlot or cabernet varieties commonly used in Australia for rosé, tempranillo provides attractive savoury fruit aromas but with a licorice like flavour and palate profile.

The wine is fermented dry and does not rely on residual sugar to provide mid palate but only on the quality of the fruit flavours. Bright fluorescent pink in colour, the lifted bouquet is all cherry blossom, strawberry and Turkish Delight musk, which delights the palate with fruit sweetness, it races to a beautiful zingy crisp finish that invites another sip... and again... where did that bottle go?

Salome Tempranillo Rosé is ideal for uncomplicated celebratory occasions but has the added flavour and structural complexity to stand up to more serious consideration as part of a meal; pizza, tomato based pasta, light meats and spicy grilled chicken.
